VISITOR AND PRINCIPAL OFFICERS OF THE UNIVERSITY

VISITOR:
His Excellency, Mr Akinwunmi AMBODE
Executive Governor, Lagos State

CHANCELLOR
His Excellency, Hon. Justice Adesola OGUNTADE,
JSC, CFR, FNIALS

PRO-CHANCELLOR AND CHAIRMAN, GOVERNING COUNCIL
Professor Adebayo M. A. NINALOWO, *Ph.D (York)*

VICE-CHANCELLOR
Professor Olanrewaju A. FAGBOHUN
LL.B (Hons.), LL.M, Ph.D, B.L. (SAN)

DEPUTY VICE-CHANCELLOR (ACADEMIC)
Professor Adewale O. K. NOAH
B.Ed, M.Ed, Ph.D (Jos)

DEPUTY VICE-CHANCELLOR (ADMINISTRATION)
Professor Oyedamola OKE
B.Sc., M.Sc., Ph.D

REGISTRAR AND SECRETARY TO COUNCIL
Mr Mohammed O. Amuni
B.Sc, MBA, LL.B, B.L. LL.M

UNIVERSITY BURSAR
Babatunde Saidi OLAYINKA, *FCA*

UNIVERSITY LIBRARIAN (Ag.)
Mrs. Shukurat Aderonke BELLO.
B.Sc., MLS (UI), CLN.

OFFICERS OF THE SCHOOL

DEAN
Professor Rotimi Williams OLATUNJI
B.A. (Hons. Ife), M.A., PhD (Ibadan), arpa, MNIPR

FACULTY OFFICER
Mr Kasim O. Bada,
B.A Ed.; M.Ed.

Ag. HEAD OF DEPARTMENT
(BROADCASTING)
Dr. Sunday O. Alawode
B.Sc., M.Ed., Ph.D.

Ag HEAD OF DEPARTMENT
(JOURNALISM)
Dr. Jide P. Jimoh
B.Sc., M.Sc. (Lagos), MA, Ph.D. (Ibadan)

CO-ORDINATOR
(PUBLIC RELATIONS & ADVERTISING)
Mr Jacob O. Adeoye
BA Ed., M.Ed

Objectives of the University

The Lagos State University (LASU) was established in 1983 by the enabling law of Lagos State as a multi-campus, non-residential University. The dream of its founding fathers, put together in form of the objectives of the University, to meet the peculiar needs of Lagos State are as follow:

- To form the apex of the educational system of the state, to provide facilities for learning, and to give instruction and training in such branches of knowledge as the University may desire to foster, and in doing so, to enable students obtain the advantage of liberal education;
- to promote, by research and other means, the advancement of knowledge and its practical application in social, cultural, economic, scientific and technological problems;
- to encourage the advancement of knowledge in general, and to provide the opportunity for acquiring higher and liberal education;
- to act as a vehicle of development in general, and, in particular, to act as an instrument to effectively stimulate the development of the State through continuing education, applied research, technical assistance, direct consultation, informational services and internship programs;
- to provide innovative educational programmes of high standard, regardless of the nature of the degree being pursued, as this has importance and relevance for State and National development;
- to provide ready access for citizens of the State in particular to higher education, regardless of social origin or income;
- to meet the specific manpower needs of the State;

- to serve as a creative custodian, promoter and propagator of the State's social and cultural heritage and resources;
- to undertake undergraduate and postgraduate courses in Law, Arts and Social Sciences, Education, Science, Engineering, Technology and Environmental Design, Management Sciences and Medical Science;
- to enhance educational opportunities of Lagos State indigenes and;
- to undertake any other activities appropriate for a University of the highest standard.

Foreword

Humanity thrives on peace and orderliness; it cannot function without these. At the core of peace and orderliness is communication, the breakdown, absence or failure of which has triggered wars in countries. If only people would explore the potentials of communication through dialogue as a veritable option to unhealthy dissents, many wars will be unnecessary. Therefore, part of the goal of communication is to ensure interactions among members of societies, geared towards mutual respect, understanding, tolerance, support and cohesion.

In 2000, the Lagos State Government, through the Senate of the Lagos State University floated a first-of-its-kind degree-awarding School of Communication- the Lagos State University School of Communication (LASUSOC). Since then, the School has remained a trailblazer in communication/media education in Nigeria and has trained, nurtured and released graduates into different corners of our national economy where, I boldly say, they are soaring like eagles in their respective job functions.

Through its three main Departments of Journalism, Broadcasting as well as Public Relations and Advertising, this School reflects disciplinary diversity, which is the essence of communication studies. Our academics are drawn from varying academic backgrounds. For us at LASUSOC, we see Communication as a field where many disciplines meet for intellectual cross-fertilisation of ideas to enhance societal development.

Recently, LASUSOC has leveraged on emerging communication technologies leading to the establishment of the Digital Media and Research Centre (DMRC) in 2017. We also have an international exchange programme with School of Media, Birmingham University, United Kingdom, under the Erasmus+ Higher Education International Credit Mobility (ICM) Programme, a relationship that has benefited students and staff of LASUSOC.

It is noteworthy that students of the School have also excelled in several academic competitions, including emerging as the National Champions in the Premier Inter-Collegiate Debate organized by the Public Affairs Section of the United States of America Consular General, Lagos, Nigeria during the 2017 World Press Freedom Day celebration. Our dazzling academic progress has recently climaxed with the award of the doctorate degree (PhD) in Communication Studies, in addition to our ever vibrant bachelor's and Master's degree programmes. For us therefore, LASUSOC has become a force to be reckoned with in global communication scholarship and career development. This Students' Handbook presents a bird's eye view of the B.Sc. (Honours) degree programme (Mass Communication).

Professor Rotimi Williams Olatunji, *PhD, arpa, MNIPR*
Dean, LASU School of Communication

General Information

1. Historical Background

The year 2000 marked a watershed in the annals of communication education in Nigeria. It saw the establishment of a School of Communication, a hitherto unknown/unheard of phenomenon in communication education in Nigeria; we only hear of Schools of Communication in some other nations of the world.

Before the year 2000, the study of communication in Nigeria had always been limited to a single department, which is either Mass Communication or Communication Arts. The focus and emphasis had been on Mass Communication.

The establishment of Lagos State University School of Communication (LASUSOC) in 2000 brought about a phenomenal change; in that year, the School became the first full-fledged School of Communication in Nigeria. The School's establishment was consequent upon the implementation of the report of an eleven-man committee set up by the then State Government on 24th of August, 1998. The Committee was charged, among other responsibilities, to provide broad guidelines for a successful establishment of a School of Communication for the Lagos State University, which then had the late Professor Fatai Akesode as its Vice-Chancellor.

The Committee comprised the following eminent Nigerian professionals in academics and in the practice of Mass Communication:

1.	Mr Taiwo Okutubo	Chairman
2.	Dr Tayo Odumosu	Coordinator
3.	Prof. Ralph Akinfeleye	Member
4.	Prof. Muhib Opeloye	Member
5.	Dr. Idowu Sobowale	Member
6.	Chief Yemi Fadipe	Member
7.	Chief Dayo Duyile	Member
8.	Dr. Kayode Ojo	Member

9. Chief Femi Asekun Member
10. Mrs Dayo Oluyemi-Kusa Member
11. Mrs 'Bose Yemi Ozigbu Secretary

The Lagos State University Senate at its 98th statutory meeting held on the 9th of July, 2000 approved the establishment of the School and its seven programmes. When academic activities commenced in the 2000/2001 Academic Session, the School offered Bachelor of Science (B.Sc.) degrees in seven The Lagos State University Senate at its 98th statutory meeting held on the 9th of July, 2000 approved the establishment of the School and its seven programmes. When academic activities commenced in the 2000/2001 Academic Session, the School offered Bachelor of Science (B.Sc.) degrees in seven programmes:

i. Book Publishing and Development
ii. Communication Technology
iii. Human Communication
iv. Photojournalism and Cinematography
v. Print Journalism
vi. Public Relations and Advertising
vii. Radio and Television Broadcasting

LASUSOC also runs Postgraduate Diploma (PGD), Master of Science (M.Sc.), Professional Master's and MPhil/PhD programmes in Communication Studies. Before LASUSOC's establishment, communication programmes were usually run in a department within a Faculty, usually, Social Sciences and sometimes in the Faculty of Arts in some Nigerian universities. LASU's wise introduction of a full-fledged School of Communication accorded the study of communication in Nigeria its due recognition.

Therefore, it is not out of place to say that LASUSOC revolutionized the study of communication in Nigeria. For the first time in the history of the country in general and in the study of communication in

particular, the Bachelor of Science (B.Sc.) degree was awarded in all of the School's seven programmes. The School also pioneered new specialties in communication at first degree level; these include Human Communication, Communication Technology, Book Publishing and Photojournalism and Cinematography.

To complement its diverse communication programmes, the School has academics from diverse backgrounds; some are from core Mass Communication, while others are from Language Arts, Theatre Arts, and English Language, Instructional Technology, Information Science among others.

In the 2005/2006 academic session, the School produced its first set of graduates, some of these graduates and subsequent ones are now making waves in different sectors of the country's economy. Among the School's alumni are the late Yinka Adeparusi, who won the 2011 Photojournalist of the Year award at the 6th Wole Soyinka Award for Investigative Reporting, Dr Raheemat Adeniran, a 2006 Journalism graduate of the School, who joined the School as a Graduate Assistant in 2007, completed her PhD in the School in 2018. Mr Agboola Odesanya (First Class graduate in Journalism, 2009) is now Lecturer II with the School. Other former students who have joined the school are Stephen Fatonji (Assistant Lecturer, Broadcasting), Olasunkanmi Arowolo (Graduate Assistant, Journalism) and Segun Padonu (a Photojournalism and Cinematography graduate) who now mans the School's Photo Unit. Many others have excelled in graduate schools within and outside the country.

The School witnessed reorganization in 2008, when its seven programmes were reduced to one, Mass Communication; since then, degrees have been awarded in Mass Communication for its undergraduate programme. However, students still have the opportunity to specialize in Broadcasting, Journalism and Public Relations and Advertising.

The School of Communication has begun to graduate students from its higher research degree programmes of Master of Philosophy/Doctor of Philosophy (MPhil/Ph.D). In 2018, the School produced its first set of Ph.Ds in Media and Communication Studies. The future is therefore bright for LASUSOC as the various communication programmes have the potential to thrive and flourish. One of the new initiatives at LASUSOC was the setting up in 2017, of the Digital Media and Research Centre (DMRC).

Digital Media and Research Centre
Preamble

The increasing influence of digital technology, with its overarching impact of convergence – not only for relevant hardware variables but also the constituent programmes at the School of Communication – triggered some initial thinking, backed up with some preliminary studies initiated by resident staff, complemented with the support of some local and international development organisations. The support given by the local and international development agencies had been earned with the intellectual and practical interventions of LASUSOC on general communication challenges especially highly specialized digital issues for both the public sector and the civil society, especially with regards to training. It is for instance on record today that the pioneering publication series on Mapping Digital Media, commissioned in more than 50 countries of the world including Nigeria, was co-researched and written by resident faculty member and Director of the Centre, Dr. Tunde Akanni. No less important is the fact that all information officers in the regular service of the Lagos State Government as well as that of the Local Government Service Commission have had to undergo digital media and related training programmes designed and led by LASUSOC.

Thus came into being the idea of the indispensability of the LASU Digital Media and Research Centre, DMRC, in 2017 to enable LASUSOC breathe full life into the pioneer intervention that promises to be fulfilling for research, professional and even advocacy purposes

across academic and the larger society having all had to fully embrace digital culture. Indeed, at the heart of these is the increasing extension of broadcasting to the digital realm. LASU 95.7 FM Radio was set up as a conventional station with a bandwidth of 25kw. In other words, the capacity of its transmission reaches only as far as Igando Bridge on one side and Fidelity Bus Stop on the way to Badagry. With Internet broadcasting, however, has come the deterritorialisation of all broadcasting facilities including LASU Radio. Now that our own has a global audience, it is incumbent for us to be alive to global broadcasts and all other forms of information dissemination that only an entity like the DMRC can cope with and manage.

Mission Statement of DMRC: To serve as the hub for all genres of digital communication and related activities at LASU and also service the adjoining physical and thematic communities for purpose of research and related activities

Vision Statement of DMRC: To provide leadership in digital and related communication activities in Lagos and adjoining states.

Specifically, the objectives of the Centre are to:

1) Upscale teaching, research and practice of the multifarious dimensions of digital communications in line with the trends in similar institutions around the world. Oxford University now has what it calls the Oxford Internet Institute, (OII), while Central European University in Budapest Hungary, in addition to its relevant regular academic programme, also runs a yearly Summer Institute on Internet Governance.
2) Give a substantially enhanced support to the training of the university's communication students in the digital strands of Journalism, Advertising and Broadcasting. This will help a lot in giving greater confidence to the graduates of the university to seek to be independent on graduation with little or no challenges.

3) Fully prepare the communication students of LASU for the challenges of skill requirements in the environment of development work especially in the international arena.
4) Function as a model for the communication programmes in other Nigerian or even West African universities.

ACTIVITIES/TASKS

1) Re-design digital dimensions of courses like Journalism, Public Relations and Advertising, Broadcasting and Marketing.
2) Introduce and universalize e-meetings university-wide to save time and other resources especially as LASU is a multi-campus university.
3) Introduce short term courses to support digital communication compliance of the university's workforce
4) Function as a major Internet rights observatory for Nigeria especially following the UN's position that online rights should enjoy same status as offline rights
5) Support LASU's relevant scholars' participation in the activities of GIGANET-Academic Network of Internet Scholars

STAFFING

Director, Musibau Tunde Akanni, PhD

Currently a Senior Lecturer in the Journalism Department of the School of Communication of the Lagos State University, his career history spans journalism practice, communications management and development work across local and international arena.

He was, at different times a distinguished British Chevening Scholar, Netherlands Fellowship awardee and also a distinguished Visiting Scholar to Columbia University, New York, and Michigan State University, Lansing, both in the United States of America

2. Organizational/Administrative Structure of the School of Communication

The Dean of the Faculty is the administrative Head of the Faculty and exercises general superintendence over the academic and administrative affairs of the School. The Dean is ably assisted by the Heads of Departments, the Sub-Dean and the Faculty Officer. The Heads of Departments are responsible through the Dean to the Vice Chancellor for the smooth running of their Departments.

The Faculty Officer is the head of all non-academic staff of the School. He/She is the Secretary to all the Faculty Boards and Committees. He/She also ensures the implementation of their decisions and directives.

The Faculty Finance Officer takes charge of activities relating to issuance of receipts of payments of school fees, ensuring compliance with approved budgets and other financial activities in the Faculty.

3. School's Standing Committees

The Board and other Statutory Committees of the School are concerned with the consideration of all academic matters, for example, curriculum development, conduct of examinations and consideration of results, academic staff maters, determination of students' academic standing and welfare, among other issues that might be brought before them from time to time. The Boards and the Committees are:

a. School Board of Studies Composition

- Vice Chancellor – Chairman
- Dean, School of Communication
- Sub-Dean, School of Communication
- All Heads of Departments in the School
- All full time members of academic staff in the School of Communication
- One (1) Representative of each Faculty and the College of Medicine

- The Librarian or his/her Representative
- School Secretary – Secretary

b. School Board of Examiners Composition

- Vice Chancellor – Chairman
- Dean, School of Communication
- Sub-Dean, School of Communication
- All Heads of Departments in the School
- All full time members of academic staff in the School of Communication
- School Secretary - Secretary

c. School Postgraduate Committee Composition

- Dean, School of Communication - Chairman
- All Heads of Departments in the School
- All Professors in the Faculty
- All Senior Lecturers and Doctorate degree holders teaching on Postgraduate programme.
- Sub-Dean, School of Communication
- Coordinator of Postgraduate Programmes in the School
- School Secretary - Secretary

d. School Appointments and Promotions (Academic) Committee Composition

- Dean, School of Communication - Chairman
- All Heads of Departments in the School
- All Professors in the Faculty
- Sub-Dean, School of Communication
- Deputy Registrar, Academic Staff Establishment/ his/her representative
- School Secretary - Secretary

e. School Finance Committee Composition

- Dean, School of Communication - Chairman

- All Heads of Departments in the School
- Sub-Dean, School of Communication
- School Secretary
- One (1) Representative from each Service Unit in the School
- Faculty Finance Officer, School of Communication - Secretary

f. School Publications Committee Composition

- Dean, School of Communication or his nominee - Chairman
- One Representative from each Department
- School Secretary - Secretary

g. School Admissions Committee Composition

- Dean, School of Communication - Chairman
- All Heads of Departments in the School
- Sub-Dean, School of Communication
- School Secretary - Secretary

h. School Management Committee Composition

- Dean, School of Communication - Chairman
- All Heads of Departments in the School
- Sub-Dean, School of Communication
- School Finance Officer
- School Secretary - Secretary

4. Structure of the School

The School has three (3) Departments (for administrative and academic purpose) as listed below:

1. Broadcasting
2. Journalism
3. Public Relations and Advertising.

The following degrees are awarded:

(a) B.Sc. Mass Communication
(b) Post-Graduate Diploma in Communication

(c) M.Sc. Communication Studies
(d) Master in Communication Studies (MCS)
(e) Ph.D. Communication Studies

5. Past and current Sub-Deans of the school

1.	2001-2003	Prof. Tayo Odumosu (Head of School)
2.	2003	Prof. Tunde Samuel (Ag)
3.	2003-2007	Prof. Idowu Sobowale
4.	2007-2008	Prof. (Mrs.) Sophie Oluwole (Ag)
5.	2008-2011	Prof. Abduraheem Lawal (Ag)
6.	2011-2014	Prof. Lai Oso
7.	2014 till date	Prof. Rotimi Wiliams Olatunji

6. Past and current Sub-Deans of the school

1.	2001-2006	Mr. Olujimi Kayode
2.	2006-2010	Dr. Rotimi W. Olatunji
3.	2010-2011	Dr. Sunday O. Aiawode
4.	2011- 2014	Mr Jacob Adeoye
5.	2014-2015	Dr. Jide Jimoh
6.	2015-2017	Dr. Olunifesi Suraj
7.	2017-2018	Dr Sunday O. Alawode
8.	2018-Date	Dr. Omolade A. Atofojomo

7. Past and current Faculty Officers of the school

1.	2001-2006	Mrs. Mosunmola A. Oyeyinka
2.	2006-2007	Mrs. Adenike T. Fatogun
3.	2007-2011	Mr. Peter A. Kosoko
4.	2011 -2014	Mr. Akinfemiwa Opeoluwa Akinlabi
5.	2014 to date	Mr. Kasim O. Bada

2.0 Philosophy and Objectives of the Programme

Philosophy

The philosophy and mission statement underlying the B.Sc. Mass Communication programme is to produce graduates imbued with the knowledge and skills to understand and make contributions to the development of Nigeria and the global community thus fostering an understanding of the rapidly changing world, issues of globalisation as well as relationships between various 'worlds'. This broad philosophy can be achieved by equipping students with a solid foundation as well as specialized knowledge in Communication discipline; preparing graduates to meet the human resources needs of the media and communication industry; fostering in graduates entrepreneurial knowledge and skills and the ability to apprehend current changes as well as a sense of public responsibility and a spirit of self-reliance.

In appreciation of current global trends as it relate to the critical role of communication in the society, the philosophy of the Lagos State University School of Communication (LASUSOC) B.Sc. Mass Communication degree programme is to produce high caliber graduates, who have the requisite knowledge and skills to occupy various positions in the media industry, media training institutions, and information agencies of both government and private sector organizations, as well as international institutions.

2.2 Objectives of the Course

a) To expose students to the fundamentals of true-life meaning, especially the axiological sense of inquiry, as it relates to communication in all its ramifications;
b) To offer an undergraduate professionally oriented programme for the aspiring Nigerian Mass Communication practitioners;
c) To train and/or re-train Nigerian Mass Communication practitioners for leadership position in the mass media organizations in Nigeria and the world;
d) To raise and sustain the professional status of Mass

Communication in Nigeria and equip students with media literacy and data journalism skills for self- relevance in contemporary global knowledge economy;

e) To bridge the divergent perspectives of news gathering and dissemination;

f) To provide the Mass Communication students with the opportunity to master the art of communicating with the masses that transcends all disciplines, whether in writing, broadcasting, Newscast, or writing a speech for the company chief executive officer, or writing advertising or Mass Communication copy to sell or promote a product to the masses;

g) To instill in the Mass Communication students the ability to respect deadlines and work under constant pressure;

h) To train and encourage Nigerian Mass Communication specialists to be effective communicators by being able to think quickly, research creatively and WRITE OR BROADCAST concisely to the mass audience;

i) To train Nigerian media men and women that would act as the trustees of the public that would be socially responsible to the communities they serve by being accurate, fair, balanced and objective in their reportage of societal issues;

j) To produce Nigerian Mass Communication specialists who will continue to protect the basic principles of the PEOPLE'S RIGHT TO KNOW as the fourth branch of government or the fourth estate of the realm;

k) To inculcate in the students an appreciation of the roles and the power of mass media in furtherance of democracy, development, peace and good governance;

l) It is expected that at the end of the degree programme in Mass Communication, the graduate should be able to differentiate "soft news" form "hard news", truth from falsehood, responsible Journalism from irresponsible Journalism;

m) To empower the graduate of Mass Communication to fit into

various fields of human endeavour both in the private and public sectors of the economy and equip him/her with entrepreneurial skills and a sense of self-reliance.

n) At the end of the degree programme in Mass Communication; it is expected that the graduate should be equipped enough to establish his/her media, PR, Advertising Agencies, or even his/her own radio and/or television stations.

Degree Nomenclature

The programme awards a Bachelor of Science degree in Mass Communication (B.Sc. Mass Communication)

3.0 Code of Conduct

All students be they freshmen or returning are required to sign the LASU code of conduct at the beginning of every session.

Without prejudice to existing rules and regulations, this code of conduct shall guide the behaviour of students in the university.

1. All secret cults, confraternities and similar organisations are illegal in the university. Any student of the university found to be a member, sponsor, or patron of such an organization shall be liable to summary dismissal.
2. The possession, carrying or use of arms and dangerous weapons by students on the campus is illegal and any student found to possess, carry or use such weapon shall be dismissed from the university
3. Any student who threatens or in any way endangers the life of any students or members of staff or engages in physical fight on the campus shall be liable to strict disciplinary action, which may lead to dismissal. Students should in addition note and are reminded that causing bodily harm, rape and threat of life are criminal offences and will be reported to the police
4. Consumption and use of all alcoholic beverages and liquor on the campus by students are prohibited and any student caught

using and consuming such beverages and liquor shall face disciplinary action.

5. All students, organizations, societies, clubs and association are to be registered with the Students' Affairs Division with three copies of their constitution and a list of the names of their executive members, staff advisers, patrons and sponsors.
6. Students are also reminded that suspension from University is suspension from participation in academic activities on the campus. Any suspended student who continues to attend or attempts to attend academic lectures or course or participate in any other students' activities on the campus while the suspension is still in force shall be summarily dismissed from the University
7. No mosque, church or any house of prayer or worship on the campus shall be used as residence or for residential purposes by any student. Any such building known or used as a residence or for residential purposes shall be closed forthwith.
8. (a). The use of all Auditoria on campus shall be subject to obtaining a
   written approval
   (b) All forms of students' social activities that involve drumming and
   singing should be restricted to the Students arcade
9.
1. Any student found defacing the University walls, posters and other University property, disrupting academic activities for whatever reason and taking over the work of security officers by locking the gate or hijacking of vehicles will be liable for severe disciplinary action, which may lead to suspension or dismissal depending on the severity of such misconduct.
2. All posters and handbills for distribution by students must be cleared and approved by Students' Affairs office before distribution, any contravention may lead to suspension or dismissal

3. Any student on probation for two consecutive periods shall be asked to withdraw from the University. Students on probation would not be considered for Inter-faculty Transfer.
4. Any interference on matters of discipline from whatever quarters shall be resisted.
5. There must be strict adherence to a well-defined official line of communication between students and the University authorities. This should be as shown below:
   Course Adviser for your level ⟶ HOD of your department
   Dean of Faculty → Dean of Students → Vice-Chancellor
14. All religious activities including drumming and singing should be restricted to the Chapel or Mosque area.
15. Until further notice, no social and religious activities on the University Campus should extend beyond 6.00p.m. Students are not allowed to stay in Ojo Campus beyond 9.00p.m.
9. As much as the University respects freedom and appreciates the maturity of our students with regards to mode of dressing and comportment on the campus, indecent and sexually provocative dresses are not allowed. Students not properly dressed are normally disallowed access to lecture halls, the Library and other official places. Lecturers and the official of the University have the right to deny attention at offices or admission into lecture or examination halls to students not properly or decently dressed.
10. All students are requested to report any infractions or contravention of any of these rules or any other University rules or regulations to either,
    (i) The Registrar
    (ii) Dean of Students' Affairs and/or
    (iii) University Security Agents

4.0 Examination Malpractices

The department frowns seriously at any act of examination malpractice. The penalty for examination malpractice is dismissal.

5.0 Approved Procedure for the Re-Assessment of Examination Scripts

The complainant will submit in writing an application for remarking to the Head of Department clearly stating the reasons in writing and copy the Vice-Chancellor and the Dean of the Faculty. Student will then pay a prescribed fee of N 500.00 for a re-assessment.

The Head of Department conducts a discrete investigation into the request and takes one of the following actions:

i) Advises the students to drop the request if he finds no substance in it.
ii) Where a complainant is dissatisfied with the advice of the Head of Department in (i) above, the following procedure will operate.
iii) The complainant pays the sum of five hundred naira (N500.00) to the University
iv) Makes the request for remarking to the Dean of the Faculty through the Head of Department clearly stating his/her reasons In writing
v) Depending on the prevailing circumstances, the remarking could be undertaken by the Head of Department or any other Lecturer who could make a professional judgment on the course being remarked and on the Lecturer. The Dean, in consultation with the Head of Department or any other suitably qualified person, sends a sends a sample representing the spread of the grades in the course together with the questions and marking scheme to the external examiner or any other expert in the subject who is not lower in rank than the internal examiner. The decision of the external examiner shall be final and the Dean shall report the outcome of the exercise to the Vice Chancellor

Any disciplinary action that might arise from a request for re-marking shall be treated according to existing regulations governing such matters.

6.0 Re-sit Examination

There shall be NO RESIT EXAMINATION in any course offered. However, students
may retake the course after they have attended lectures at the next available opportunity.

7.0 Students Responsibilities

It is the responsibility of each student to ensure the following:

(a) Prompt registration at the beginning of each semester
(b) Regular attendance at lectures
(c) Quick response to official calls
(d) Completion of all academic assignments
(e) Effective use of the library and studying at his/her convenience
(f) Close relationship with his/her level adviser
(g) Good preparations and success in all examinations
(h) Compliance with all rules and regulations of the university
(i) Avoiding all acts that can lead to suspension or dismissal from the university. Some of such serious acts are joining cult and examination malpractice.

To this end, students should know that their success or failure depends on how they are able to manage their resources and comport themselves in the university.

Staff Office Hours

Lecturers in the School keep office hours that are displayed on the door of each academic staff.
